

Facility Locator MVP Card Types

In no particular order, this information is needed for each card type dependent on location search results. (issue #4323).

VA healthX.X mi

Name of Facility

Address
Two Lines

Link to Directions

XXX-XXX-XXXX

XXX-XXX-XXXX

VA Health

VA Health location cards should show both the main phone number listed on the card as opposed to the VA Health card

Do we need to show the service the user selected in the search as a tag or label?

Vet Center

Name of Facility

Address
Two Lines

Link to Directions

XXX-XXX-XXXX

Vet Center

Vet Centers have a single main phone number listed on the card as opposed to the VA Health card
